

MEHERAB HOSHEN SHEHAB

Address: Mirpur-14, Dhaka, Bangladesh

Phone: +8801646166256; Mail: meherabshehab5@gmail.com

WeChat ID: wxid_s9mlmz091xfz12

RESEARCH INTERESTS

- **Technical Textiles:** Smart fabrics, functional coatings and nano-textiles
- **Textile Automation:** Application of AI and Machine Learning in textile manufacturing & defect detection.
- **Sustainable Processing:** Eco-friendly dyeing and finishing technologies.

EDUCATION

Bachelor of Science (B.Sc.) in Textile Engineering

Sep 2022 - Present(Expected
Graduation: August 2026)

BGMEA University of Fashion & Technology, Bangladesh

- **Major:** Fabric Manufacturing Engineering (FME)
- **CGPA: 4.00 / 4.00** (Current)
- **Key Coursework:** Fabric Manufacturing, Textile Raw Materials, Polymer Science, Textile Testing & Quality Control and Management, Yarn Manufacturing, Fabric Structure & Design, Wet Processing, Apparel Manufacturing, Production Planning & Control

Higher Secondary Certificate (HSC)

Mar 2019 - Jan 2021

Chandpur Govt. College, Chandpur

- **Board:** Cumilla
- **GPA: 5.00 / 5.00**

ONGOING RESEARCH / THESIS

B.Sc. Final Year Project

Title: Proposed study on the Development of a High-Performance 100% Sustainable Denim Yarn by Blending Mechanical Cotton Waste with Lyocell Fibers

Supervisor: Mohammad Hossain [Lecturer, BGMEA University of Fashion & Technology, Bangladesh]

Brief Overview:

- Focused on proposing a “Zero-Virgin-Cotton” yarn manufacturing process that meets industrial standards, offering a viable solution for circular fashion economy.
- Currently going through literature review stage and designing experimental setup.
- Data collection & analysis are scheduled to be completed by July, 2026.

ACADEMIC PROJECTS

- AI-Integrated Smart Textiles for Real-Time Behavior Prediction and Personalization (Research Proposal as Assignment)
- Innovations in Textile Membrane Technology a brief Review Paper (as Assignment)
- Use of AI in Wastewater Treatment Method a Review paper (as Assignment)

TECHNICAL SKILLS

Textile Lab Skills:

- Basic Operation of Knitting Machines (Single Jersey Knitting Machine, Double Jersey Knitting Machine and Flat Bed Knitting Machine) & Weaving Machines (Tappet Loom, Dobby Loom, Jacquard Loom)
- Testing Equipment: Water repellency tester, pilling tester, lea strength tester, Beesley's balance, abrasion resistance tester, spray tester etc.
- Familiar with ISO, ASTM and AATCC testing standards.

Computing & Software:

- Microsoft Office, Excel with copilot, Canva for design, basic knowledge of Algorithm logic.

Others:

- Basic Project Management, personalized GPT building, communication & presentation.
-

LANGUAGE PROFICIENCY

- **English:** Medium of Instruction Certificate- English.
 - **Bengali:** Native.
 - **Chinese:** Beginner (Planning to learn HSK).
 - **German:** Beginner.
-

ACHIEVEMENTS & EXTRACURRICULAR

- Executive member and organizer in **BUFT Debate Club**.
 - Organizing and volunteering member of **Textile Club** and **Career Development Club**.
 - Ranked **Top 10** at a Textile Quiz held by **BUFT Textile Club**.
 - Ranked **3rd** in a Life & Skill Development quiz held by **Skill Catalyst Bangladesh**.
-
