PROFESSIONAL SUMMARY

Final-year Textile Engineering student with specialization in Fabric Manufacturing and strong exposure to knit production, fabric sourcing and quality control. Currently gaining industrial experience at AKH Group, developing practical understanding of production flow, fabric development and cross functional co-ordination. Highly motivated to build a career in merchandising with strong interest in product development, sourcing, costing and buyer co-ordination. Skilled in communication, reporting and handling fast-paced work environments.

EDUCATION

Bachelor of Science (B.Sc.) in Textile Engineering

Sep 2022 - Present(Expected
Graduation: August 2026)

BGMEA University of Fashion & Technology, Bangladesh

- **Major:** Fabric Manufacturing Engineering (FME)
- **CGPA: 4.00 / 4.00** (Current)
- **Key Coursework:** Apparel Manufacturing, Production Planning & Control, Textile Testing & Quality Management, Fabric Manufacturing, Wet Processing, Accounting and Management.

Higher Secondary Certificate (HSC)

Mar 2019 - Jan 2021

Chandpur Govt. College, Chandpur

- **Board:** Cumilla
- **GPA: 5.00 / 5.00**

INTERNSHIP EXPERIENCE

Intern at AKH Group, Bangladesh

01 April 2026-01 June 2026

- Observed and supported knitting production processes and fabric development activities
- Assisted in fabric quality inspection and testing procedures.
- Gained practical exposure to **production coordination, process flow and lead time management.**
- Understanding linkage between **fabric sourcing, production and merchandising requirements.**
- Communicating with supervisors and technical teams to ensure smooth workflow.

CORE COMPETENCIES

- Product Development & Sample Understanding
- Fabric & Trim Sourcing Knowledge
- Basic Costing & Material Consumption Concepts
- Production Follow-up & Lead Time Awareness (TNA concept)
- Buyer-Supplier Communication (Basic Level)
- Reporting & Documentation (Excel-based)
- Cross-functional Coordination (Production, QA, Planning)
- Problem Solving under Deadline Pressure

ACHIEVEMENTS & EXTRACURRICULAR

- Executive member and organizer in **BUFT Debate Club**.
 - Organizing and volunteering member of **Textile Club** and **Career Development Club**.
 - Ranked **Top 10** at a Textile Quiz held by **BUFT Textile Club**.
 - Ranked **3rd** in a Life & Skill Development quiz held by **Skill Catalyst Bangladesh**.
-

TECHNICAL SKILLS

Textile Lab Skills:

- Basic Operation of Knitting Machines (Single Jersey Knitting Machine, Double Jersey Knitting Machine and Flat Bed Knitting Machine) & Weaving Machines (Tappet Loom, Dobby Loom, Jacquard Loom)
- Testing Equipment: Water repellency tester, pilling tester, lea strength tester, Beesley's balance, abrasion resistance tester, spray tester etc.
- Familiar with ISO, ASTM and AATCC testing standards.

Computing & Software:

- Microsoft Office, Excel with copilot, Canva for design, basic knowledge of Algorithm logic.

Others:

- Basic Project Management, personalized GPT building, communication & presentation.
-

ACADEMIC PROJECTS

- Sustainable Denim Yarn Development using Cotton Waste & Lyocell (Proposed Final Year Project)
 - AI-Integrated Smart Textile (Research Proposal)
 - Six Sigma & 5S in RMG Industry (Case Study)
 - BexTex Industrial Analysis
-

LANGUAGE PROFICIENCY

- **English:** Proficient.
 - **Bengali:** Native.
 - **Chinese:** Beginner.
 - **German:** Beginner.
